PERSONAL STATEMENT

As a Computer Science & Engineering graduate, I am eager to apply my technical skills to practical problems and contribute to innovative software solutions. My experiences in leadership, volunteering, and club coordination have strengthened my teamwork, communication, and problem-solving abilities. I aim to create technology that enhances accessibility, improves user experience, and drives meaningful impact.

WORK EXPERIENCE

Executive — IT & Social Network Manager

Metro Life International Pvt. Ltd.

- Manage their website and IT infrastructure and internal digital systems to ensure seamless business operations.
- Oversee official social media channels and online presence, developing content strategies to boost brand engagement.
- Collaborate cross-functionally with operations and marketing teams to align digital initiatives with business objectives.

Software Intern

Skydo BD (*Internship*)

- Supported the development team in building and testing web-based features.
- Gained hands-on experience with modern JavaScript frameworks and backend technologies.
- Contributed to debugging, quality assurance testing, and documentation of internal tools.

EDUCATIONAL QUALIFICATIONS

Bachelor of Science (BSc) — Computer Science & Engineering

Daffodil International University

2021 – 2026

CGPA: 3.139

Higher School Certificate (HSC) — Science

Adamjee Cantonment College, Dhaka

2018

GPA: 5.00

Secondary School Certificate (SSC) — Science

Govt. Jubilee High School, Patuakhali, Barishal

2016

GPA: 5.00

SKILLS

Frontend Development	HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap
Backend & Database	Node.js, Express.js, MySQL, MongoDB (basic)
Programming Languages	C, C++, Java
Version Control	Git, GitHub
Other	RESTful APIs, Responsive Design, Basic Networking, Cloud Concepts
Soft Skills	Time Management · Team Building · Strategic Decision Making · Interpersonal Communication · Problem-Solving · Empathy · Negotiation · Lean Management

FRONTEND & FULL-STACK PROJECTS

1. TaskMate — React Task Management App

Tech Stack: React.js, Context API, LocalStorage, CSS3

A clean and responsive task manager where users can create, update, and delete tasks.

- Implemented component-based architecture with reusable UI components.
- Used Context API for global state management; deployed on Netlify.

2. WeatherScope — Real-Time Weather Dashboard

Tech Stack: React.js, OpenWeatherMap API, Bootstrap

Displays live weather data with responsive charts and icons.

- Integrated REST API for fetching weather data dynamically.
- Applied conditional rendering and loading states for UX optimisation.

3. Portfolio Website

Tech Stack: HTML5, CSS3, JavaScript (ES6)

Personal portfolio showcasing skills, projects, and a contact form.

- Developed a single-page application with smooth routing and animations.
- Optimised for performance and mobile-first responsiveness.

4. NoteHub — MERN Stack CRUD Application

Tech Stack: MongoDB, React.js, Node.js, Express.js

A full-stack application enabling users to create, edit, and delete personal notes.

- Built a RESTful backend using Express.js and Node.js.
- Connected frontend and backend via Axios; implemented JWT-based authentication.

ACHIEVEMENTS

- **Champion**, Inter Cantonment College Quiz Competition (all Cantonment Colleges, Bangladesh) — awarded Full Free Studentship by the college.
- **Champion**, Senior Quiz Competition, 3rd ACC National Science Festival.
- **Quiz Champion**, NASC ACC Inter College Science Festival.
- **Winner**, Francophonie Quiz 2017, Alliance Française de Dhaka (team-based segment).
